THE READING

From <https://breakingnewsenglish.com/2301/230123-a-i-in-assignments-4.html>

Artificial Intelligence is everywhere. It is changing education. Three universities have adopted a new, landmark policy - to allow students to use AI in assessments. Tests will be under strict conditions. A professor said: "Instead of banning students from using such programs, we aim to assist [them]." The Internet is full of AI text generators that can write essays well enough to fool teachers. The essays can even trick anti-plagiarism tools.

Artificial Intelligence could affect exam fairness. It is the biggest change since calculators in maths tests. The latest teachers' dilemma is a language-processing tool called ChatGPT. This can human-like content on any subject in seconds. Teachers worry that students will use it to write essays. Another professor said teachers needed to accept AI. He said: "You cannot stop it. The alternative is the Middle Ages - going to pen and paper."

ARTIFICIAL INTELLIGENCE SURVEY

From <https://breakingnewsenglish.com/2301/230123-a-i-in-assignments-4.html>

Write five GOOD questions about artificial intelligence in the table. Do this in pairs. Each student must write the questions on his / her own paper. When you have finished, interview other students. Write down their answers.

	STUDENT 1 _____	STUDENT 2 _____	STUDENT 3 _____
Q.1.			
Q.2.			
Q.3.			
Q.4.			
Q.5.			

- Now return to your original partner and share and talk about what you found out. Change partners often.
- Make mini-presentations to other groups on your findings.

WRITE QUESTIONS & ASK YOUR PARTNER(S)

Student A: Do not show these to your speaking partner(s).

a) _____

b) _____

c) _____

d) _____

e) _____

f) _____
